### REP. TOM EMMER:

Hello, my name is Tom Emmer. I represent Minnesota's 6th Congressional District here in Congress. Agriculture and manufacturing are the top two drivers of our private economy, and both have a tremendous impact on the future of Minnesota. The United States-Mexico-Canada Agreement stands to bring substantial benefits to American workers. Agriculture and manufacturing rely on strong agreements to export American-made products to our trading partners on the border. Minnesota's direct trade with Mexico yields \$4.4 billion worth of exports annually between the nations. And two-way trade between Minnesota and Canada totals \$13.1 billion on an annual basis. Our ability to get American goods around the world is vital. The passage and completion of the USMCA is a great deal for America.
