### **\*\*REP. TOM EMMER:**

\*\* Madam Speaker, I rise today to celebrate the anniversary of an outstanding Minnesota company that has been providing quality food for the past 75 years. Jenny O. Foods markets over 1,500 products to more than 70 countries around the world. Since its founding in 1940 by Earl B. Johnson, this company has been recognized as a leader in the turkey industry. Jenny O. Foods had humble beginnings, which all began when Earl started raising turkeys while managing a small creamery. Nine years later, Earl bought a turkey processing plant in Willmar, Minnesota, and the company flourished. Jenny O. Foods has had nothing but success over the years with the invention of products like the first turkey hot dog, eventually catching the eye of another great Minnesota company, Hormel Foods, in 1986. I want to not only congratulate Jenny O. for their 75 years of success, but I join the great state of Minnesota in thanking them for their contribution to our state and our nation. We wish you nothing but continued success, and I yield back.
