### **\*\*REP. TOM EMMER:**

\*\* Hello, everyone. Congressman Tom Emmer here, ready to welcome you all to the great state of Minnesota. For those of you who do not know me, I have had the pleasure of representing Minnesota's 6th Congressional District in the People's House for almost three years now. Serving Minnesota in Washington has been the honor of a lifetime because I have the chance to work for and help advance the state that I have called home almost my entire life. This job has also allowed me to interact and build relationships with great individuals like all of you. And it's through this job that I have been able to work closely with Andy Lugar, who will be a great addition to your firm. I'm a little biased, but I believe you've made an excellent choice to live and work in the North Star State. Let me tell you why. While we are not the largest or most famous state in these United States, we are a great one, nonetheless. We are home to talented Americans like Bob Dylan and Prince. We are responsible for unique creations like Spam, the Nerf Ball, and Zubas. We are proud to claim numerous beautiful forests, parks, rivers like the mighty Mississippi, and of course lakes, of which we have more than 10,000. Our communities are diverse and our heritage is rich, with people choosing to move here from all over the world. And we are home to some of the best people you will ever meet, who exemplify the slogan, Minnesota Nice, by treating strangers like friends and family. However, it's not just the people and culture that make this state great. Our business community is booming, and you will be excited to learn. Minnesota is home to 18 Fortune 500 companies like Target, Best Buy, 3M, and General Mills. These titans of the business world bring millions of dollars in revenue as well as an abundance of commerce and jobs to our state on an annual basis. It's not just our major companies that find success, our small businesses on Main Street are constantly growing and thriving too. Safe to say that I could go on all day about how great Minnesota is and how much we have to offer, but hopefully this is something you will figure out soon enough for yourself, if you haven't already. If there's anything my staff and I can ever do for you, please don't hesitate to reach out. I hope to see all of you soon, and once again, welcome. I hope you enjoy everything the North Star State has to offer.
