

Rep. Tom Emmer on Press Conference

Broadcast: January 31, 2023 • Duration: 1:22

****REP. TOM EMMER:**

** Amy, last week, House Republicans passed the Strategic Production Response Act to counteract Joe Biden's reckless abuse of our strategic petroleum reserve. In the first open rule held on the House floor since 2015, House Republicans came together. We stood united against Democrat poison pill amendments and we won over and over and over again. This was a critical moment to deliver on a key tenant of our platform, American energy security. And this week, we're gonna continue winning. We're gonna continue winning for the American people who elected this Republican House majority. We are denouncing socialism in all its forms. And we are moving the federal government away from its perpetual COVID state, giving healthcare workers more freedom and forcing career bureaucrats to start showing up for work again. By the way, I don't know if anyone noticed, but the White House is now responding directly to the House Republicans. They responded yesterday saying they're going to end their COVID pandemic declaration in May. Now, that's too late, by the way. They're taking notice. Everybody else should too. House Republicans are gonna keep winning and we're just getting started.
