

# Rep. Tom Emmer on Congressman Emmer recognizes National Manufacturing Day

Broadcast: October 06, 2022 • Duration: 0:58

---

## REP. TOM EMMER:

Hello everyone, I'm Congressman Tom Emmer. Today is National Manufacturing Day. It's a day when we recognize the importance of manufacturers and the crucial role they play in our state's economy. Minnesota is home to more than 300,000 manufacturing jobs. Manufacturing employs nearly 11% of our state's workforce. These jobs account for more than \$20 billion in total wages, which is about 13% of the total wages earned in our state. Manufacturing is an indispensable part of our state and our nation's economy. We must support developing the next generation of our manufacturing workforce. This is why we've led legislation like the Investing in America Workers Act, which will incentivize on-the-job training in fields like manufacturing. Thank you to the hard-working men and women who make up our manufacturing industry. We are grateful to you today and every day.
