### **\*\*HOST:**

**\*\*** Mr. Speaker, I rise today to thank Senator Dave Brown for serving in the Minnesota State Senate. Senator Brown represents an area located in Minnesota's 6th District and I've enjoyed working with him on a variety of issues important to our constituents. Senator Brown has worked on policy solutions in the fields related to commerce, education, and finance. However, his main area of expertise has been promoting Minnesota energy. Our district is home to the Sherco coal-fired power plant, responsible for hundreds of jobs as well as the abundance of energy it provides. During a time when Sherco's future was unclear and unstable, Senator Brown was a voice of reason that helped many keep the plant open, allowing many Minnesotans to keep their jobs. Thank you, Dave, for the work you have done for our community and for Minnesota. I will miss working with you, but we wish you the best of luck in your next endeavor. \*Note: This appears to be House floor remarks rather than an interview, so the speaker labeling may not accurately reflect the original context.\*
