### **\*\*REP. TOM EMMER:**

**\*\*** Mr. Speaker, today I rise to congratulate Marco, Inc. of St. Cloud, Minnesota for making Fortune's list of best small and medium-sized companies to work for. Marco has an incredible story and is proof that the American dream is alive and well. What began as a small typewriter shop in St. Cloud quickly evolved into one of the top technology providers in the country, with offices located throughout the Midwest. However, what truly stands out about Marco is that they are one of the first companies to create an employee stock ownership plan and they are among the few companies in this country to be 100% employee-owned. I truly commend Marco, Inc. for understanding that employees are the heart and soul of every company and that they must be taken care of and rewarded. Your quick rise and large success is undoubtedly due to the way you treat your employees and your positive work environment. I am proud to recognize you here today. I yield back.
