****REP. TOM EMMER:**

** Mr. Speaker, I rise today in honor of National Agriculture Week. If you look around this great building, you will find countless references to our early economy which depended largely on our nation's abundant farmland. This vital industry impacts every person in this country, from the food we place before our family to the businesses that keep our citizens gainfully employed. My home state of Minnesota is the fourth largest agricultural exporter in the country, and Stearns County, which is in my district, is the largest dairy-producing county in Minnesota. We are the land of 10,000 lakes and 80,000 farms. As a member of the Agriculture Committee, I am proud to work on behalf of both farmers and consumers to ensure this vibrant industry continues to thrive. Please join me this week in thanking a farmer, and I yield back.
