Broadcast: August 06, 2020 • Duration: 1:20

****REP. TOM EMMER:**

** Mr. Speaker, I rise today to congratulate Automotive Parts Headquarters in St. Cloud, Minnesota on 100 years of dedicated service to their customers and their community. Owning and operating a business is never easy, and reaching this milestone is an important testament to the hardworking people they employ and the services they offer. Founded in 1920, Automotive Parts Headquarters outgrew their first shop in Minneapolis. Today, they have 125 corporate stores and 36 independent locations across the Midwest. Automotive Parts Headquarters has stayed true to its roots. In fact, President and CEO Corey Bartlett is the third generation of his family to be involved in the business. It was an honor to visit Automotive Parts Headquarters recently and learn about the great work they do in the St. Cloud area. Automotive Parts Headquarters not only supplies parts to repair shops, the company builds partnerships with their customers to help them grow. Automotive Parts Headquarters also supports the communities where they operate, contributing to charities like the American Cancer Society, Toys for Tots, and WCOSA. I thank Automotive Parts Headquarters for their continued service to our communities and congratulate them for 100 years of incredible service in Minnesota. I yield back.
