**\*\*REP. TOM EMMER:**

\*\* Mr. Speaker, I rise today to congratulate all of the recent high school graduates in Minnesota's 6th Congressional District on completing a major milestone in their young lives. This milestone represents the beginning of the rest of your lives. And while we celebrate your achievement, we are also excited for your future. And there is so much to be excited about. Many of you will go on to further your careers in education, travel, and you'll see the world. Some of you might go to medical school, and one of you might actually cure a disease. Some of you might run for public office, and one of you might even become the President of the United States. You will be active in your communities. You'll build families and be incredible assets to the great state of Minnesota. Your possibilities are limitless, and I hope you will always think big and never give up on your dreams. We wish you the best of luck as you take the next step in your journey, and we look forward to watching you succeed and thrive. I also want to thank your parents and the teachers of these wonderful scholars for guiding them along and helping them achieve this great goal. And education is the key that opens all of life's doors, and we thank you for handing these students the key.
