

## Rep. Tom Emmer on Emmer Congratulates St Cloud Hospital On Their Recent Recognition

Broadcast: September 12, 2017 • Duration: 1:00

---

### **\*\*REP. TOM EMMER:**

\*\* Mr. Speaker, I rise today to recognize the St. Cloud Hospital for being recognized as one of the most digitally connected hospitals in the nation. This is not St. Cloud Hospital's first major award. In fact, just last year they were named one of the top 100 hospitals in the country. As technology continues to advance, our nation's hospitals are better suited to provide their patients with the very best care possible, which is exactly what the St. Cloud Hospital does each and every day. We're proud that the St. Cloud Hospital is a leader in this healthcare industry and in utilizing useful technology, allowing patients to stay in touch with their doctors and nurses, renew prescriptions, gain access to their records, and even take part in virtual physician exams. This high distinction is the result of the healthcare providers and the information system staff working for CentraCare Health and the St. Cloud Hospital. Thank you for your service and thank you for making the St. Cloud Hospital a leader in 21st century healthcare.
