

Rep. Tom Emmer on Emmer Celebrates the Healthiest Counties in Minnesota's Sixth District

Broadcast: March 29, 2017 • Duration: 1:07

****REP. TOM EMMER:**

** Good afternoon, everyone. Congressman Tom Emmer here. I want to take a quick minute to congratulate a few counties in our district on their recent achievements on the list of the state's health rankings. These rankings, which are done annually by the county health rankings and roadmaps program, are based on multiple factors that include health, social, economic factors, clinical care, physical environment, and quality of life. Among the 2017 rankings, Carver County came in first place, which is the fifth year in a row Carver County has earned this honorable placement. Additionally, Washington County came in fourth and Wright County came in 11. We're so proud to represent one of the most healthy congressional districts in Minnesota, and I'd like to applaud all of you folks who live and work in these districts and who have contributed to this great achievement by working to ensure that everyone in your community has the chance to live a healthy life. Without all of your hard work and determination, Minnesota would not be the great place to live that it is today. Thanks and keep up the wonderful work.
