### **\*\*REP. TOM EMMER:**

\*\* Yesterday, President Donald J. Trump's historic victory was solidified, marking the dawn of a new golden age for America. The time is now to restore our strength, rebuild our prosperity, and reassert true leadership in our nation. With just 13 days until President Trump returns to the White House, our House majority is acting swiftly to advance important legislation that Joe Biden and the Democrats blatantly ignored, the Lake and Riley Act. With Joe Biden, Chuck Schumer, and the party of lawlessness out of the way, the radical left's mission to enable criminal, illegal aliens, criminal, illegal aliens, yet people keep writing undocumented whatever, criminal, illegal aliens, at the expense of law-abiding Americans, it's no longer going to be tolerated. The tragic and preventable murder of Lake and Riley serves as a stark reminder of the consequences of failed leadership, but thankfully, voters sent a clear message on November 5th. The American people elected a Republican trifecta to put a stop to the failed Biden-Harris policies that rolled out the red carpet for illegal immigrants, criminal illegal immigrants, and put Americans in harm's way, and guess what? That's exactly what we're going to do. The Lake and Riley Act is a direct step toward ensuring that criminal, illegal aliens are swiftly and permanently removed from our communities and our country. This bill is more than just a piece of legislation, it's a return to common sense American values, and under President Trump's leadership, there will be a lot more where that came from as we restore the rule of law and put Americans first again, and with that, I turn it over to our leader, Steve Scalise.
