### **\*\*REP. TOM EMMER:**

\*\* Hello, Congressman Tom Emmer here. Sorry I couldn't be with you today, but I'm glad to have the opportunity to pass along a quick message. I want to thank the Builders Association of Minnesota for all of the work you do in our great state. For more than 40 years, you've been a voice for the building industry, and it's a voice that needs to be heard. Today, nearly 20,000 Minnesotans are employed in the residential construction industry, and it's because of your efforts that those men and women are represented. Elected officials depend on hearing from the people we represent. This seat doesn't belong to me, it belongs to the people of Minnesota. That's why groups like the Building Association of Minnesota are so important. You are the experts in your industry. You're the ones who see firsthand the negative repercussions that burdensome regulations can have on a business and industry. You're the ones who have to consider taxes and compliance costs when determining your business structure. That's why we need to hear your concerns and listen to your suggestions. So thank you for the advocacy on behalf of your industry over the past 40 years, and we encourage your continued engagement for the next 40. If there's ever anything I can do for you and your industry, please don't hesitate to contact us. Thanks, and enjoy a great evening.
